

NEWSLETTER 3

What the project is about

The GreenSIGNS project, funded by Erasmus+, aims to boost the employability of young people with hearing impairments by providing them with green skills and practical tools. It includes the development of a VR game, the creation of new environmental signs in sign language, and additional resources to support career pathways in sustainability and environmental sectors.

greensigns.eu

What does it bring new?

- ✓ Interactive VR game for developing green skills
- ✓ Introducing ecological signs in sign language
- ✓ Digital resources and tools for better integration into the labor market

CURRENT PROGRESS & TPM3

Online Meeting (TPM3) | 22 October 2025

Partners of the #GreenSIGNS project gathered for the third Transnational Project Meeting (TPM3), hosted by NSRF "Pantelis Pergantis" Online

WP1: PROJECT MANAGEMENT

WP3: GreenSIGN DUAL TOOL KIT

WP5: THE GreenSIGNS DISSEMINATION AND SUSTAINABILITY PACK FOR INCLUSIVE AND ACCESSIBLE ENVIRONMENTAL AND CLIMATE-CHANGE GREEN AWARENESS AND EMPLOYABILITY

Key highlights:

- ✓ Progress updates on Work Packages (WP3, WP4 and WP 5 specifically)
- ✓ Overall project progress has been on track with regular virtual meetings
- ✓ Real-life scenario development for VR simulations has been moving steadily
- ✓ Creation of usable tool kit and learning tools for new signs in all partner languages
- ✓ Preparation and materials made for the transitional training happening January 2026 in Cyprus

The next main event of the project will be held in January 2026 in Cyprus with participants from all partner countries including educators and youth workers working with DHH people.
